

Inspiration Manual

1. The materials you will require are base board, carbon paper, design template, paint (acrylic) and a paint brush. NOTE: 2 templates have been provided. Choose any one to create your mandala.

2. Place the design template of your choice right over the board from edge to edge and slip the carbon paper in between the board and template.

3. Secure the design template to fit the size of the board. TIP - Use a paper binder clip to secure them all in place.

4. Use a pencil to draw over the design template. Make sure the pencil is sharp.

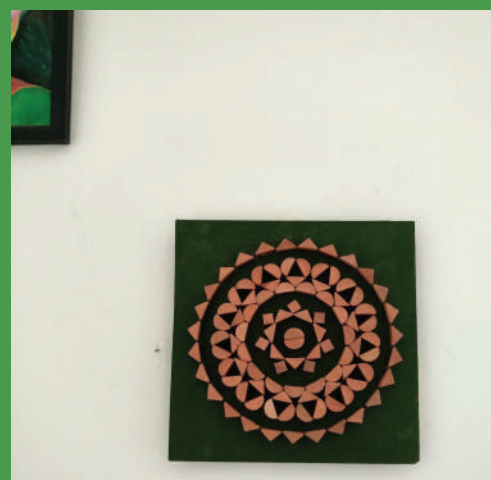

5. Remove the paper template and carbon sheet, and paint around the traced shapes and the rest of the board.

6. Stick the Kattoos Terracotta Bricks with the adhesive provided over the traced shapes as shown above. Use sufficient amount of adhesive.

7. After sticking the bricks, let the adhesive dry for atleast 15 minutes. Hurrah! Your masterpiece is ready.

8. You can hang the mandala on a wall using the hook already provided on the back of the board.

MANDALA 2 (Design provided in pack)

NOTE

Keep the artwork away from water. Due to the natural property of terracotta, overtime some bricks may come undone. Use the extra bricks provided in the pack to replace them using the adhesive.
