

 X 14
small triangle

 X 1
square

 X 4
rectangle

 X 16
big triangle

 X 9
semi-circle

Glue the bricks in the patterns shown in the manual.

1 Arrange the bricks and glue as shown.

NOTE Use the big triangle whenever you see the blue border on a triangle brick.

2 Use the big triangles to build a claw.

Repeat the steps to build the second claw.

3 Build the 1st (fore) pair of legs.

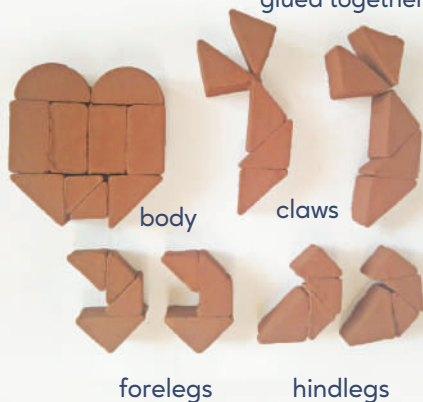

Repeat the steps to build the second leg.

4 Build the 2nd (hind) pair of legs.

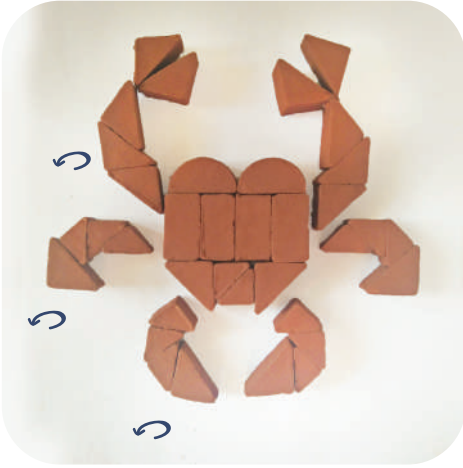

Repeat the steps to build the second leg.

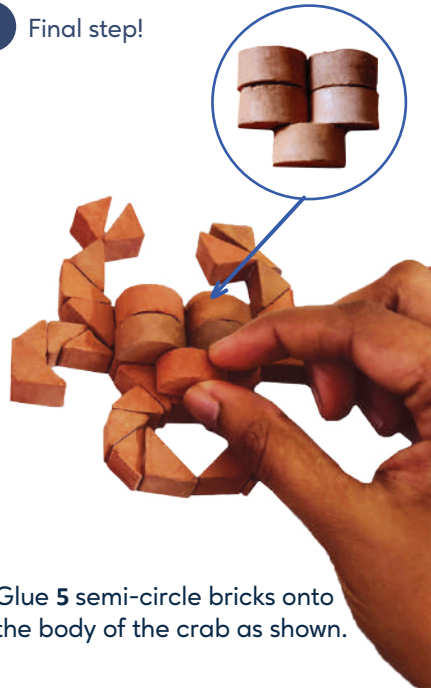

5 Now all the parts are ready to be glued together.

6 Glue all the parts together.

7 Final step!

Glue 5 semi-circle bricks onto the body of the crab as shown.
