

-  X 22
small triangle
-  X 1
square
-  X 1
rectangle
-  X 2
big triangle
-  X 4
semi-circle

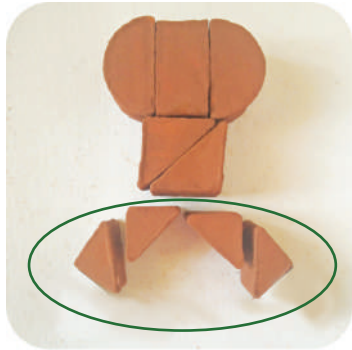

Glue the bricks in the patterns shown in the manual.

- 1 Glue 2 semi-circle, 1 rectangle and 2 big triangle bricks together as shown.

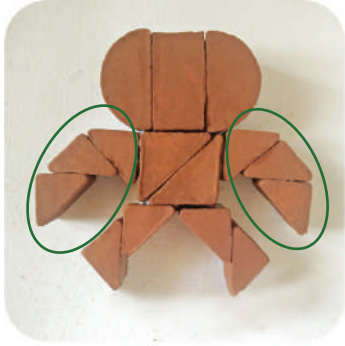

NOTE Use the big triangle whenever you see the green border on a triangle brick.

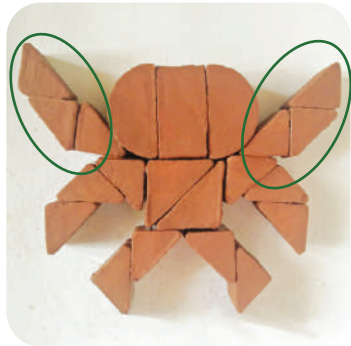

- 2 Glue 4 small triangle bricks to build 1st pair of legs as shown.

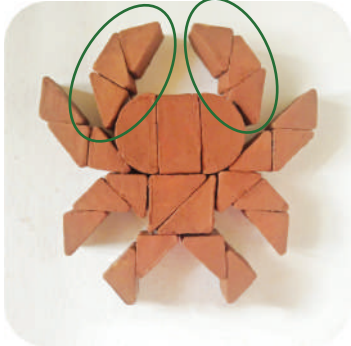

- 3 Glue 6 small triangle bricks to build 2nd pair of legs as shown.

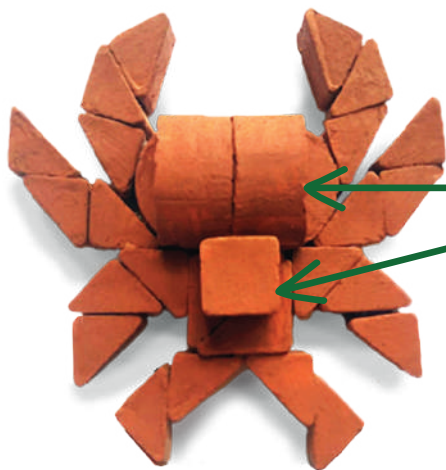

- 4 Glue 6 small triangle bricks to build the 3rd pair of legs as shown.

- 6 Glue 6 small triangle bricks to build the 4th pair of legs as shown.

7 Final step!

Glue 2 semi-circle bricks and a square brick onto the body of the spider.

Ta-da! Your Kattoos spider is ready!
