

small triangle

rectangle

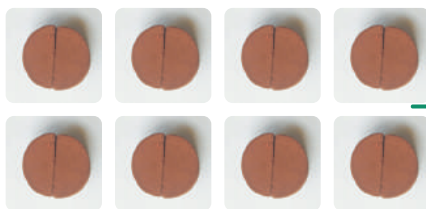

big triangle

semi-circle

Glue the bricks in the patterns shown in the manual.

1 Glue 2 semi-circle bricks together

make 8 sets

Glue 4 sets to build a stack.
Repeat to build second stack.

2 Glue the two stacks together side by side.

NOTE Use the big triangle whenever you see the blue border on a triangle brick.

4 Glue the two small triangle stacks on either sides of the semi-circle stacks as shown.

3 Glue 4 small triangle bricks to build a stack.

Repeat to build second stack.

5 Glue a small triangle and a semi-circle brick to make the leg as shown.

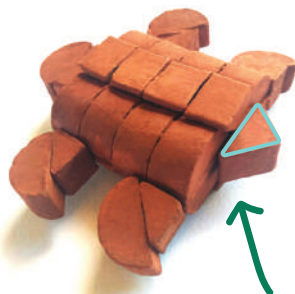

Repeat step to build all 4 legs.

6 Glue a semi-circle and rectangle brick as the head. Glue the head and legs onto the body as shown.

7 Final step!

Glue a big triangle brick on the other side of the body as the tail to complete your turtle!
